

Retreat in the Carpathian Mountains of Ukraine
27 May 2013 – 2 June 2013

We, the devotees of Russia and Ukraine are happy to invite the Kriyabans from all over the world to take part in the Carpathian Retreat with our beloved Guruji Shree Shibendu Lahiri.

The venue of this ever joyful and holy event is really remarkable. The retreat will be hosted in very comfortable cottages of a small resort situated just in the heart of the National natural preserve “Synevir” the flora and fauna of which are innocent, pristine and rich. The resort is spotted near the mountainous small and fast river, taking its origin from Synevir Lake which is just 1 km from the resort. It’s the biggest lake in the Carpathian Mountains and is estimated to appear about 10 thousand years ago. It’s recognized as one of the Seven Natural Wonders of Ukraine.
